

Get up off your Lazy Ass

Verse 1

I work real hard just to make life better
I'll tell you man I aint no go getter
That girl just stays in bed
It messes up my head
I've told her once I aint gonna tell her again

Chorus

Get up off your lazy ass, get up off your lazy ass
I'm telling you now that I aint gonna stand for it

Verse 2

I get up very early on my own
It's already dark when I get home
Dishes in the sink
Now I'm kicking up a stink
I've told her once, I aint gonna tell her again

Chorus

Get up off your lazy ass, get up off your lazy ass
I'm telling you now that I aint gonna stand for it

Solo

Verse 3

Don't matter what I say I just can't win
I guess the love we had is wearing thin
If things stay on this course
We're heading for divorce
I've told her before I aint gonna tell her again

Chorus

Get up off your lazy ass, get up off your lazy ass
I'm telling you now that I aint gonna stand for it
