

Give Me the Simple Things in Life

Verse 1.

Give me the simple things in life
A Madonna for my wife
And just to keep me on the track
I'd drive a simple Cadillac

I'll live in the country
No city life for me
I want a simple country mansion
Cos I love simplicity

Give me the simple things in life
A Madonna for my wife
I'd be content with what I'd got
Just want a very simple yacht

I want to float up in outer space
Win a grand prix motor race
Be the first guy up on mars
Be friends with the movie stars
