

## **I Wrecked The A-A Meeting**

### **Verse 1**

It was a boring party, just not my style  
Walking around with a real fake smile  
I said to the host, hey where's the booze at  
He just said Ow! We don't approve of that  
Went out to my car, my mission was clear  
I got my guitar, & a twelve pack of beer  
I gave em each a can, I thought I couldn't miss  
Said take a swig of that, & get a load of this

### **Chorus**

I thought I could get things smoking out on the floor  
When I looked up I couldn't believe what I saw

### **Verse 2**

I looked at the host, he was in tears  
Everybody else had their fingers in their ears  
A girl in the corner, took a sip of her drink  
Then she ran across the room & threw up in the sink  
What happened next, I just couldn't believe  
They took away my beer & they asked me to leave  
They said what you did really takes some beating  
You just wrecked the A-A meeting

### **Chorus 2**

I said I wondered what the heck you invited me for  
They said, we didn't the party's in the house next door!

### **Verse 3**

Walked in the house next door to a mighty cheer  
Before I said a word someone gave me a beer  
A real cute girl was leaning on the bar  
She just said look he's got a guitar

### **Chorus 3**

She walked towards me man she was really hot  
She said before you play, we're gonna do a shot

### **Verse 4**

Took a drink of my beer & gave the girl a kiss

Picked up my guitar said get a load of this
