

## **It's Silly It's Sad**

### **Verse 1**

Remember how I used to turn you on  
Who is it that's taking you away  
I can't believe tomorrow you'll be gone  
Is there nothing I can do to make you stay?

### **Chorus 1**

It's silly it's sad, it's making me mad  
You've gotta be putting me on  
It's silly it's sad, I'm feeling so bad  
We've been lovers too long

### **Verse 2**

He won't bring you breakfast up in bed  
He probably won't take good care of you  
Oh why don't you try and think ahead  
He's never gonna love you like I do

### **Chorus 2, followed by Middle 8**

I can't imagine living life without you  
I always thought your dreams were just like mine  
The time will come when I won't think about you  
But I know it's gonna take a lot of time

### **Verse 3**

I guess I'd better wish you all the best  
The saddest words I've ever had to say  
And I suppose I should have guessed  
That you'd be leaving me someday

### **Chorus 3 fade**
