

MY NEW SHOES

Verse 1

I've got myself a, case of the blues
Can't get along with, my new shoes
The sales girl said "they look great with your suite"
I knew at the time something didn't compute
But I just couldn't argue, she was so cute
My new shoes

Verse 2

Now me and the sales girl, went out on a date
The shoes were hurting so bad, I couldn't concentrate
She said "do you think I look fat in this dress"
Wasn't sure what she said, so I smiled and said "yes"
She said, "Wow you really know how to impress a girl"
My new shoes

Chorus

New shoes take a while, before you break em in
But these shoes won't give me a break,
From the pain I'm in

Verse 3

I said "hey I was joking, you're the best looking girl in the place"
"I wanna dance with you bad girl" that put a smile on her face
But with the pain I couldn't move, not even my head
"This is my new dance, called the freeze" I said
She said "thank god, I thought you were dead"
My new shoes

Verse 4

I drove her home, it wasn't too far
But I really had a problem, driving the car
I hit the gas instead of the brake
I knew right away, this was a bad mistake
We went along the fishing pier and into the lake
My new shoes

Chorus

New shoes take a while, before you break em in
But these shoes won't give me a break

From the pain I'm in

Verse 5

As the car filled up with water, she said "I feel sad
I got something to tell you, and it's making me mad
Those shoes I sold you, don't look good at all
In fact they're almost four sizes too small
If we don't drown, can I give you a call?"
My new shoes
