

## **Please Send Me a Valentine**

### **Verse 1.**

Won't you please send me a valentine  
Tell me that I look just 29  
Just those compliments my way  
I'll lap up every word say  
It'll keep me feeling young & in my prime  
When I get my sweet Valentine

### **Chorus.**

It seems like a short time ago  
I was cool and the world was mine  
But deep down inside I felt low  
Co's nobody sent ma a valentine

### **Verse 2.**

I know for me the sun is gonna shine  
If the mailman brings that valentine of mine  
How my heart is gonna race  
There'll be a smile upon my face  
Everyone will know I'm feeling fine  
When I get that sweet valentine
