

Mustang Oklahoma Gophers

Verse.1.

I moved to Mustang, Oklahoma, seemed like a good thing at the time
It's just a sleepy small town, I left big city life behind
I said hello to my neighbor, he was nice as nice can be
Then he looked at me quite sternly, as he said these words to me

Chorus.

Don't go out without a gun John, things round here may look OK
Mustang Oklahoma Gophers, they kill people every day

Verse.2.

He said, I remember Mrs Riley, she walked her dog real late at night
She said that I was crazy as she disappeared from sight
I guess those vicious gophers got her, she was such a lovely soul
She was never seen again John, She's somewhere down the gopher hole

Chorus.

Verse.3.

I still recall the day he told me, it was such a big surprise
I looked into his face, fear was in his eyes
I told him I was grateful, I said "so glad we met"!
His words I will remember, how could I forget.

Chorus.
