

I'm Not Gay I Just Act That Way

Verse 1

On the day that I was born, there should have been pride and joy
My ma' was filled with scorn, she said I don't want no boy
So she put me in a pink dress and she called me Josephine
Life's been so confusing man let me tell you what I mean

Chorus

I'm not gay, I just act that way I'm not gay, I just act that way

Verse 2

The day I started school, I didn't have a care
I sat there in a frilly skirt with ribbons in my hair
But when I went to the bathroom the girls all stared at me
They said what's wrong with Josephine she's standing up to pee?

Chorus

I'm not gay, I just act that way I'm not gay, I just act that way

Solo

Verse 3

As the years passed on, I began to get a beard
And things were happening to me that were really kind of weird
My little friend called willy, did things I couldn't figure
When the other girls were close to me he started getting bigger

Chorus

I'm not gay, I just act that way I'm not gay, I just act that way

Verse 4

I think I'd known for quite some time I really, was a man
But I felt sad for my ma' ma' so I kept on with the scam
I kept on wearing those dresses, high heels and a hose
Till one day I said ma' ma' look and I tore off all my clothes

Chorus

I'm not gay, I just act that way. Repeat 3x
