

Maybe

Verse 1

Maybe, you made me happy
Maybe, you made me blue
They say you cried the day you left me
Maybe I cried for you

Verse 2

Maybe, I still remember
Maybe, I still recall
Your lips so warm and tender
Or maybe nothing at all

Chorus

I heard on the grape vine you're lonely on blue
You're kind of lost, don't know what to do
You wanna know if I feel that way too
Maybe, maybe, maybe

Solo

Chorus

Somebody told me sometimes you're sad
When you reflect on the good things we had
You wanted to know if I'm feeling glad
Maybe, maybe, maybe

Verse 3

Maybe, I can be happy
Maybe, with someone new
Who knows what lies in the future
Maybe you'll meet someone too
Maybe, maybe, maybe
