

My Baby's a Scrubber

Verse 1

My baby's a scrubber, scrub scrub scrub
My baby's a scrubber, scrub scrub scrub
Oh how I love her, rub a dub dub

Verse 2

My baby's a scrubber, wax on wax off
My baby's a scrubber, wax on wax off
When I'm with her, can't get enough

Chorus

When I get home at night
Everything's shining bright
She makes me feel so good when I get home
When she starts that scrubbing
She just won't leave it alone

Verse 3

My baby's a scrubber, scrub scrub scrub
My baby's a scrubber, scrub scrub scrub
Oh how I love her, rub a dub dub

When I get home at night
Everything's shining bright
She makes me feel so good when I get home
When she starts that scrubbing
She just won't leave it alone

My baby's a scrubber, wax on wax off
My baby's a scrubber, wax on wax off
When I'm with her, can't get enough
