

## Denver Airport

Hey, there's a rumor going round  
At Denver Airport, they built a city underground  
If it's true then how do I begin  
To get a place under Denver Airport  
Before the end of time kicks in

Hey, we've seen the pictures on the wall  
Got to wonder, why are they there at all  
If there's a message, it's looking pretty grim  
Maybe a way to save our future  
Before the end of time kicks in

All the children of the world are sitting on the ground  
Looks like the world is ending, fire is all around  
If the pictures are a message, the future's looking dark  
If it's a way to save the children, Is this a Noah's Ark

Hey, whatever's going on  
Stands to reason, everybody can't be wrong  
We have to question the apocalyptic scenes  
I guess we won't be happy, till we know what it means

Soldier with a sword, Mask upon his face  
If he's there to save the children  
Somethings really out of place  
If the pictures are a message our future's looking dark  
If it is the end of time is this a Noah's Ark
